HOW IT WORKS

Set it once. Let every follow-up happen on time.

DripMark turns your repeatable customer communication into an organized automated journey.

1. Add your customer — Keep essential customer information in one place.
2. Assign a product or service — Connect the customer to the journey that fits them.
3. Choose your drip templates — Define WhatsApp and Email messages with timing rules.
4. Automate & grow — Scheduled messages run automatically while you focus on business.

YOUR COMMUNICATION, CONNECTED

One customer. One journey. Multiple touchpoints.

Use the channels your customers already recognize, with automation working quietly behind the scenes.
